Add Style to your home

with

Add style

Add value

Add quality

Whatever your requirement for improving your home the ADC Direct range of conservatories is sure to inspire.

With a choice of styles, colours, sizes and doors we are sure that we can provide a room to transform your property.

Anti-sun self cleaning glass roof

Opal insulated Polycarbonate - Edwardian

P Shaped - Edwardian Rosewood

A conservatory will not only add value to your home but brings elegance and functionality by adding a new room in your garden.

Whatever your requirement be it an extra lounge area, dining room, playroom or study the flexibility of the ADC Direct conservatory systems will let you create your dream in a traditional or contemporary design, with a choice of colours and styles.

We will work with you to create your perfect design and then look after all the planning, manufacture and installation of your new outdoor / indoor room.

Double P Shaped/Victorian

Imagine

the transformation

Finishes include white, rosewood and golden oak and clever combinations of wood effect exterior finishes with white interiors. UPVC makes your conservatory virtually maintenance free and very energy efficient.

The very latest materials and design innovations mean that your new conservatory retains the heat during the winter months but can remain pleasantly cool even at the height of summer.

Utilising our range of windows and doors the ADC Direct conservatory system also incorporates a Roofing System to combine product innovation with traditional and elegant designs.

L Shaped Edwardian

Edwardian Gable with baypole roof arrangement

High pitched - Blue tint glass roof

Low pitched lean to with insulated polycarbonate roof

Key Features

Wide range of decorative features

Glass or insulated polycarbonate roof available

Roof system manufactured from strong rigid aluminium components- capped with PVC finish

High security fixing details

All roofs pre-fabricated and tested in the factory for smooth and trouble free installation

For a truly bespoke conservatory the ADC Direct range has a choice of roof and glazing options to suit every taste and need. For roofing systems there is a choice of colour and heat retention / deflection. For the fanlights the choice is extensive with leaded, stained glass and bevelled double glazed units available.

Create your dream - in your own design

Double Glazed Units

All double glazed units are available in clear glass, with the option of leaded or internally beaded decorative options. Energy rated DGUs are available to increase the energy efficiency of your property. These units are designed to increase solar heat gain and reduce heat loss through the windows. Energy Rated windows are certified by the British Fenestration Ratings Council (BFRC).

- Part A - Structure
- Part B - Egress
- Part F - Ventilation
- Part J - Scotland Conservation
- Part K - Protection from Collision
- Part L - Conservation of Fuel & Power
- Part M - Disabled Access
- Part N - Safety Glass

Bureau Veritas

Bureau Veritas

Sustainability

All our PVCu profile is now extruded using a new calcium organic compound in place of conventional lead stabilisers.

The switch to calcium organic forms part of a holistic approach to environmental sustainability.

10 year guarantee on all installations

Quality products at affordable prices

Energy savings and sustainability

Highest security available

ADC direct are a local established business focused on supplying and installing only the very best windows, doors and roofline products. We are a team of dedicated professionals who are proud that the majority of our work comes from customer recommendation.

Whatever your home improvement project - be it a new front door or a full conservatory and window installation - we guarantee that you will have a dedicated project manager from beginning to end. This gives you one point of contact and peace of mind.
